[Thank you](#)

Thank you to the volunteers at the school breakfast program, they have served thousands of meals this year to grateful, smiling faces in the morning. These volunteers have come in early, prepped and served food, then cleaned up and loaded the dishwasher after. We would NOT have been able to have a breakfast program for all the students if it was not for these volunteers, we are eternally grateful! Thank you to Jeremy Kass, Nik McCready, Star Madden, Kathy Etheridge, Debbie Van De Bogart, Daniel Poda, Brad Malinich, Rochelle Harris, Lindsey Adsett, and Sarah Oler.

Thank you to the members of the CLES PAC, who have spent countless hours meeting, organizing, volunteering, shopping, and helping out at events. Many hands make work light! Thank you to Breanne Boehmer, Nerine Kleinhaus, Teresa Cherrington, Maggie Poda, and Jennifer Huscroft.

Thank you to parent volunteer Ivan Gonzalez, who has spent a considerable amount of time teaching and coaching soccer programs in the school.

[wugankimik Reconciliation walk/run](#)

wuqanqankimik will take place in all SD8 Kootenay Lake schools. wuqanqankimik is a ktunaxa word that means "to walk with long strides...to take big steps." Canyon-Lister School is holding our walk on Monday June 20, which is National Indigenous Day. We will have different length routes, and students will be run/walking on school grounds (combo of forest and front field, etc).

[Year-end assembly](#)

The year-end assembly will be held on Thursday June 23 at 10:30 am. The assembly will recognize our Grade 7 students who will be moving on to high school next year, our parent and PAC volunteers, as well as several staff members who are retiring. All parents are welcome to attend. The assembly will end just before 11:30, which is when students will be dismissed for the school year.

[Grade 7/10 Laptop Initiative Update](#)

The Student Laptops for Learning pilot has been successfully completed, with great participation from over 750 students. Information and learnings from the pilot project will be useful in guiding any future technology initiatives.

The student laptop pilot program will not be implemented in 22-23 as a result of budget constraints. Laptops already leased will be integrated in schools across the district to improve equity and access to technology, supporting all students' learning and to ensure accessibility for all students.

Homestay recruitment

The Kootenay Lake International Program is looking for Homestay families that are open to welcoming an International student. Along with the \$900/month (tax free stipend), families gain cultural knowledge and an international family member.

If you are interested or have questions, please see the attached flier for contact details.

The Kootenay Lake International Program brings the world to the Kootenays, and the Kootenays to the world. We have such amazing communities to share with the world!

Be the Change Jr members spent the day counting swallows and canoeing at the Wildlife Center on June 15th.
